The Fundamental of Great Virtual Experiences

The fundamental of great virtual experiences

- Apps and tech
- Interaction and engagement
- Creativity
- Build trust
- Get some training
- Don't forget the walk and talk!

Summary

- Embrace it
- Manage your Training Provider partners to the outcome you need
- There's no such thing as 'overcommunication' in Virtual
- Actively consider Mental Health impacts and support
- Equip Managers to manage in Virtual
- Ensure you're Risk Assessing
- Support Virtual and Hybrid

We help you to:

- Explore the current and future needs of your workforce (skills audits)
- Explore how government initiatives can contribute to your workforce and CSR plans
- Map training to your organisation's needs
- Establish links with quality training providers
- Prepare to host young people in the workplace
- Improve and maximise your government-funded training and talent pipelines
- Set-up as an approved 'employer-provider' so you can self-deliver training
