# Put Inclusion into action on Mesma

## NEW diagnostic template for Mesma users

Access a "Context and Inclusion Position Statement Builder" in Evaluate.

**To access** – import the template, contact the help desk or speak to your administrators

## Develop your approach to Observations of Inclusive Practice

To celebrate the launch of Mia (Mesma's AI Assistant) on to Develop join us for an open demo- 30th April at 10 am.

**To join** - link in email

# Inclusion Development for Practitioners

The screenshot displays the Cognassist 'My learners' interface. It features a table with columns for Name, Assessment status, Active supporting, Accessed modules this month, Records over 90 days, and Last logged in. Below the table, a 'Coverage check' modal is open, showing 'Implementation' and 'Impact' sections with green status indicators and descriptive text. Another modal titled 'Active providing support' is also visible, showing a list of support records.

Cognassist  
**Cognassist Trial \***

See how cognitive assessment and the graduated approach work in practice. A trial gives your team hands-on access to the platform so you can assess learners, generate personalised support strategies and start building the inclusion evidence Ofsted is looking for.

## SDN Mesma Group SAR and QIP Support

Work with an SDN Mesma Group consultant to review how inclusion is reflected in your self-assessment report and quality improvement plan. They'll help you identify gaps, strengthen your evidence and align your documentation with Ofsted's published expectations.

# New/Aspiring Nominee Training - July

Register your interest for our 2-part workshop in July

Online nominee training for new or aspiring nominees:

- Get up to speed on the EIF
- Understand what the role actually demands
- Build confidence at a pace that works for you.

Email us, and we will let you know when bookings open: [events@strategicdevelopmentnetwork.co.uk](mailto:events@strategicdevelopmentnetwork.co.uk)

# Move from theory to practice
